OPERATION: NEEDLE

OPERATIVE:

Caston, Robert

MOS:

Rifleman, Technician

ORIGINAL SERVICE:

CIA SAD/SOG

TOP SECRET -- EYES ONLY -- TOP SECRET -- EYES ONLY

OPERATION: NEEDLE OPORD TO SQUAD NINE, CURRENTLY STATIONED UNDER COVER IN ISRAEL

1. Situation.

a. <u>Enemy.</u> The Syrian administration of BASHAR AL-ASSAD continues to expand its chemical weapons program despite mounting international pressure against it. SIGINT and HUMINT has identified a site 1/2 mile SW of the town of Margat as a possible chemical weapons production facility under construction (35.146331, 35.949690). This location has recently been garrisoned by a force of 400-500 soldiers of the Syrian Army, but as of 0200 this morning the majority of those troops have been called NE to Al Hwaiz in response to an attack by the Free Syrian Army. It is believed that fewer than 50 Syrian Army regulars currently garrison this location.

b. <u>Friendly.</u> There are no additional friendly units in the vicinity. Squad Nine will conduct this operation entirely independent of external support excepting infiltration and exfiltration. Both the sovereign Syrian Army and the rebelling Free Syrian Army are to be considered hostile forces.

2. <u>Mission</u>. At 2100, Squad Nine will infiltrate this location, assess the likelihood that it is being used to manufacture and/or research chemical weapons, and if so, take steps to halt or delay its construction.

3. Execution.

a. <u>Concept of the Operation</u>. The squad will board an Agency-secured private jet chartered to fly from Megiddo to Tokat, parachute into Syria, and make their way to the mission location. Once there, they will determine the nature of the facility and what steps, if any, should be taken before proceeding to exfiltration.

b. <u>Tasks.</u>

(1) The squad will board an Agency-secured charter jet at Megiddo airport in Israel with a flight plan filed to Tokat airport in Turkey.

(2) En route, the squad will perform a HALO insertion and regroup at an isolated LZ 3 miles SE of the facility (35.139119, 35.966341).

(3) After burying their HALO gear, the squad will covertly reach the facility, gather any intelligence available, and conduct whatever operation they deem necessary to American security.

(4) Upon completion of the objectives, the squad will proceed to exfiltration.

c. <u>Coordinating Instructions</u>. Long-range communication with friendly forces will not be possible. Three exfiltration points have been established. If none of these three exfiltrations are successful, the squad will be forced to effect their own return to friendly territory. In the event any squad member is captured or killed, the squad will be completely disavowed.

Tactical Control Measures

LZ Alpha (35.140260, 35.953075) LZ Beta (35.157651, 35.969635) Exfil Charlie (35.172037, 35.727539) 1 mile SE of facility01004 miles NE of facility020011 miles W of facility0400

Helo pick-up Helo pick-up Submarine pick-up

4. Administration & Logistics.

a. As per SOP, the squad will use no weapons or gear that would identify them as American operatives. Only weapons and gear used by the Syrian locals will be equipped.

b. Each squad member will carry the usual Emergency Exfiltration Bag containing a false identity and civilian clothing in case they are unable to reach any of the established exfiltration points.

5. Command & Signal.

a. Signal. Squad will use hand and arm signals during movement and brief vocalization as needed. Upon enemy contact, they will switch to voice commands.

b. Command. As per SOP, the squad will function outside of the military command structure.

ATTACKS TABLES COLUMN NOTES

ST "†": The weapon requires two hands. If you have at least 1.5 times the listed ST (round up), you can use a weapon like this in one hand, but it becomes unready after you attack with it. If you have at least *twice* the listed ST, you can wield it one-handed with no readiness penalty. But if it requires one hand to hold it and another to operate a moving part, like a bow or a pump shotgun, it always requires two hands, regardless of ST.

NOTES

MANEUVERS (Pick one each turn)

AIM (1): aim a Ranged weapon to get its Accuracy bonus (additional +1 for two turns, +2 for three or more turns) ALL-OUT ATTACK (3): +4 to hit Melee/+1 for Ranged, *or* two Melee attacks on same target, *or* +2 Melee damage - but NO DEFENSE!

ALL-OUT DEFENSE (1): +2 to one active defense, *or* two *different* defenses against a single attack

ATTACK (1): attack unarmed or with a ready weapon/ability **CHANGE POSTURE (0):** switch between standing, sitting,

kneeling, crawling, prone, or lying face up (lying to standing takes two turns)

COMMITTED ATTACK (1): (Melee only) +2 to hit, *or* +1 damage, but -2 to usable defenses (no Parry with the hand you attacked with, no Dodge if you kicked. Cannot Retreat)

DEFENSIVE ATTACK (1): (Melee only) -2 damage, but +1 to Parry (not Dodge), *or* +2 to DX roll to avoid falling if Kicking

DO NOTHING (0): take no action

EVALUATE (1): study a foe prior to a Melee Attack or Feint for a + 1 bonus per turn (max. of +3)

FEINT (1): fake an attack to lower your target's active defense or next attack roll by your Margin of Success. Contest of your attacking skill against target's highest combat skill or DX (whichever is highest)

MOVE AND ATTACK (6): move and still attack at a penalty - for Ranged, the worse of -2 or weapon's Bulk; for Melee, -4 (and a *maximum* skill of 9)

MOVE (6): do nothing but move 6 yards

READY (1): prepare a weapon/item, reload a weapon, etc.

WAIT (var): hold your action until something specific happens, then take an Attack, All-Out Attack, Committed Attack, Defensive Attack, Feint, or Ready maneuver as normal

OPTIONS:

Deceptive Attack: Target suffers a -1 to all active defenses (or Dodge only, for Ranged attacks) for every -2 you take to your attacking skill (*minimum* of 10)

Telegraphic Attack: (Melee only) +4 to hit, but also +2 to target's active defenses

Mighty Blow*: (Melee only) Spend 1 FP to get +2 damage without losing defenses

Feverish Defense*: Spend 1 FP to add +2 to a single active defense roll (except when All-Out Attacking)

Retreat: *once* during your turn, move 1 hex away from a melee attacker for a +3 to Dodge, or +1 to Parry or Block

Dodge and Drop: *once* during your turn, drop prone for a +3 to Dodge against Ranged attacks

* A critical failure on these rolls causes an *additional* 1 HP of injury to arm or leg, no DR

POSTURES

Standing	0 Melee, 0 Active Defenses, Move 6
Crouching	-2 Melee, 0 Active Defenses, Move 4
Kneeling	-2 Melee, -2 Active Defenses, Move 2
Crawling	-4 Melee, -3 Active Defenses, Move 2
Sitting	-2 Melee, -2 Active Defenses, Move 0
Prone	-4 Melee, -3 Active Defenses, Move 1

HIT LOCATIONS

Skull* (-7/-5): x4 damage, -10 to Knockdown rolls

Face* (-5/-7): x1 damage, -5 to Knockdown rolls

Neck* (-5): x1.5 damage for crushing, x2 damage for cutting **Torso (0):** x1 damage, for non-cutting attacks, roll 1d; a 1 indicates a hit to the Vitals

Vitals* (-3): x3 damage for impaling/piercing, 1x damage for crushing but shock requires a HT roll to avoid Knockdown (at -5 if a major wound)

Groin* (-3): double shock penalty (max. -8) from crushing damage, -5 to Knockdown rolls

Arms/Legs (-2): x1 damage for impaling, pi+, pi++, more than 6 damage cripples the limb (excess damage lost)

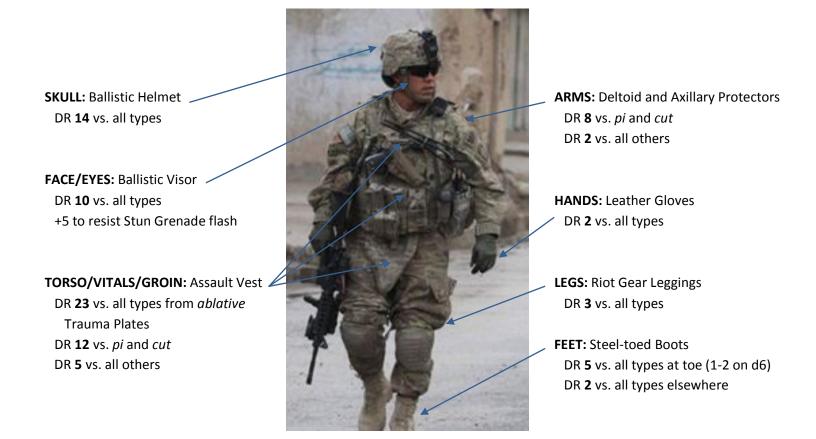

Hands/Feet (-4): x1 damage for impaling, pi+, pi++, more than 4 damage cripples the extremity (excess damage lost)

Weapon: -5 for reach "C" melee weapon/pistol, **-4** for reach 1 melee/carbine, **-3** reach 2+ melee/rifle. Additional -2 if disarming

* A miss by 1 hits the Torso instead

RANGE PENALTIES

-1	3 yards	-11	150 yards
-2	5 yards	-12	200 yards
-3	7 yards	-13	300 yards
-4	10 yards	-14	500 yards
-5	15 yards	-15	700 yards
-6	20 yards	-16	1000 yards
-7	30 yards	-17	1500 yards
-8	50 yards	-18	1.14 miles
-9	70 yards	-19	1.7 miles
-10	100 yards	-20	2.84 miles

- **EYE* (-9):** Can only be targeted by *impaling* or *piercing* attacks from the front or sides. Wounding modifier is x4, and Knockdown rolls are at -10.
- **3-4 SKULL* (-7/-5):** Wounding modifier is x4, and Knockdown rolls are at -10.
- **5 FACE* (-5/-7):** If hit from in front, roll 1d. A 1 is a SKULL hit. Otherwise, -5 to Knockdown, no wounding modifier.
- **6-7, LEGS (-2):** Reduce the wounding modifier of *pi+, pi++,* and *imp* to x1. Injury over HP/2 is a major wound that
- **13-14** cripples the leg -- excess damage is lost.
- **8, 12 ARMS (-2):** As for LEGS.
- **9-10 TORSO (0):** On a *crushing, impaling,* or *piercing* attack, roll 1d. A 1 is a VITALS hit. Otherwise, no modifiers.
- 11 GROIN* (-3): Suffer double shock penalties from *crushing* attacks (max. -8), and -5 to Knockdown rolls. Otherwise, treat as a Torso hit (except for the check for a VITALS hit).
- **HAND (-4):** As for LEGS, except injury over HP/3 is a crippling major wound.
- **FOOT (-4):** As for LEGS, except injury over HP/3 is a crippling major wound.
- **17-18 NECK* (-5):** Wounding modifer is x1.5 for *crushing*, x2 for *cutting*.
- VITALS* (-3): Can only be targeted by *impaling* or *piercing* attacks. Wounding modifier is x3.
- WEAPON: -5 for reach "C" melee weapon/pistol, -4 for reach 1 melee/carbine, -3 for reach 2+ melee/rifle. Additional -2 if disarming
 - * A miss by 1 hits the TORSO instead

The default location for all attacks is the TORSO. To target a specific hit location instead, use the penalty listed in parentheses above. To target a random hit location, attack as usual, but on a successful hit roll 3d and compare it to the table above to see where the attack hit. If that hit location is behind cover, the attack strikes the cover instead (if only *half* behind cover, roll 1d: on a 4-6, the attack hits the cover). Some attacks (wild swing, shooting blind, suppression fire, fragmentation damage, falling, etc.) always use random hit location.

MANEUVERS (Pick one each turn)

AIM (1): aim a ranged weapon to get its Accuracy bonus

ALL-OUT ATTACK (3): +4 to hit in Melee/+1 for Ranged, *or* two Melee attacks on the same target, *or* +2 Melee damage, *or* Feint and Melee attack, but NO DEFENSE! (Forward only)

ALL-OUT DEFENSE (1): +2 to one active defense, or two different defenses against a single attack, but NO ATTACK!

ATTACK (1): attack unarmed or with a ready weapon

CHANGE POSTURE (0): standing, sitting, kneeling, crawling, prone, lying face up

DO NOTHING (0): take no action

EVALUATE (1): study a foe prior to a Melee attack or Feint for +1 bonus per turn (max. of +3)

FEINT (1): fake an attack to lower your target's active defense or next attack roll by your

Margin of Success. Contest of your attacking skill against target's highest combat skill or DX

MOVE AND ATTACK (6): move and still attack at a penalty--for Ranged, the worse of -2 or the

weapon's Bulk; for Melee, -4 (and a maximum skill of 9)

MOVE (6): do nothing but move 6 yards

READY (1): prepare a weapon or other item, reload a weapon, etc.

WAIT (var.): hold your action until something specific happens, then take an Attack, All-Out

Attack, Feint, or Ready as normal

Deceptive Attack (B369): Target suffers a -1 to active defense for every -2 you take to your skill (min. of 10). **Telegraphic Attack** (MA113): +4 to hit with a Melee attack, but also +2 to target's active defenses. **Rapid Strike** (B370): Make two Melee attacks, *both* at -6, to replace *one* normal attack. Can target separate foes.

Feverish Defense* (B357): Spend 1 FP to add +2 to a single active defense roll (except when All-Out Attacking).
Flurry of Blows* (B357): Halve the penalty for Rapid Strike to -3 by spending 2 FP (1 FP *per attack*), OR...
Mighty Blow* (B357): Spend 1 FP to get the All-Out Attack Melee damage bonus (+2) without losing defenses.
* A critical failure on these rolls causes an *additional* 1 HP of injury to arm/leg, no DR (B357).

Retreat: *once* during your turn, move 1 hex away from a Melee attacker for +3 to Dodge or +1 to Parry. **Dodge and Drop:** *once* during your turn, drop prone for a +3 to Dodge against Ranged attacks.

Suppression Fire (B409): Using a weapon with RoF 5+, make an All-Out Attack and select one or more target zones two yards across within your weapon's range. If your weapon has RoF 10+, you can suppress multiple zones, as long as they are adjacent and you fire at least five shots into each. Your effective RoF in each zone is the number of shots you fired into that zone, not your total shots. All normal attack modifiers apply. Your final effective skill cannot exceed 6 + your rapid-fire bonus. If you hit, use Random Hit Locations.
