Name: Concept:	
ST HP Damage Resistance	Character Creation (Heroic)
DX Will Eyes Arms Neck Hands	• Write down a Name and Concept (Ex., "Sir Bernam, Honorable Wandering Knight.")
IQ Per Skull Legs Face Feet Torso Groin	Choose one of the three options below to determine your four main attributes, filling in the blanks with "Strong" (ST), "Dextrous" (DX), "Sharp" (IQ), or "Tough" (HT): "I am super and really, but otherwise average." (One 15, one 13, two 10s) "I am very and very, but otherwise average." (Two 14s, two 10s) "I am reasonably and, and almost as and" (Two 13s, two 11s)
Move: Speed: Sw/Thr: Dodge: Parry: Block:	
Advantages Disadvantages	 By default, HP = ST, Will and Per = IQ, and FP = HT (this may be adjusted in the next step by an appropriate Advantage or Disadvantage).
	 Write down two Advantages, helpful things that make you out of the ordinary. (Things like, "I am lucky, "I fear no man," "Money is no object," "The Dust Riders of Zargoth 7 owe me a favor," etc.) Optionally, you may write down a third, but if you choose to do this you must also write down one Disadvantage, something that sometimes makes life harder for you (Like, "Missing left hand," "Nervous around strangers," etc.)
Skills	ine harder for you (Elice, Thissing fere hard, Thervous around strangers, etc.)
Name Level Name Level	 Choose a wildcard Skill. This is a very broad catch-all you can roll against when none of your other skills apply, and is often similar to your concept (so, things like "Knight!," "Sailor!," "Scientist!," etc.). It is known at a level of DX-1 or IQ-1 (the GM will discuss with you which makes the most sense to use.)
	 Choose five non-wildcard Skills. These focus on more specific skills, things like "Pistol," "Climbing," "Computer Hacking," etc. You will know two at DX+2 or IQ+2, and three at DX+1 or IQ+1 (again, with GM discussion.)
Hand Weapons/Attacks Weapon Skill Damage Reach Parry	 Fill in the following secondary traits: Sw/Thr (see table, p. B16), Speed ([HT+DX]/4), Move (Speed with no decimals), Dodge (3 + Move), Parry (3 + half of the combat skill you parry with), and Block (3 +half your Shield skill, if you have one). Certain Advantages or Disadvantages may adjust these traits.
Ranged Weapons/Attacks	 Finally, choose any Armor (B282-287), Weapons (B267-281), and Possessions (B288-298) you have, filling in the appropriate Damage Resistance and stats.
Weapon Skill Damage Acc Range RoF Shots Bulk Rcl	Attempting an Action
Possessions	Whenever attempting to use a <i>Skill</i> or to <i>Dodge/Parry/Block</i> , simply roll 3d6 against the target number the GM gives you. A roll equal to or less than that number succeeds! A roll of 3 or 4 is always a <i>critical success</i> , as is a 5 if your effective skill is 15+ and a 6 if your effective skill is 16+.
	A roll of 18 is always a <i>critical failure</i> , as is a 17 if your effective skill is 15 or less.
